Local Government Support

New Roundtables Announced

The State Auditor's Office wants your feedback on BARS

We value your opinions. Therefore, back by popular demand, we are offering free three-hour roundtable discussions across the state on our Budget, Accounting, and Reporting Systems (BARS) Manual. We offered these sessions last year, and over 400 people attended.

We will listen to your feedback and suggestions to make changes. We also will discuss the progress for last year's recommendations, topics such as upcoming changes to BARS (including online filing), the new Financial Intelligence Tool (FIT), upcoming GASBs, and introduce some new resources available to you.
