Dear Mr. Johnson,

The Office of the Washington State Auditor has received and completed our response to your request, as follows:

I have a question about the records you examine in your audits.

For example, I'm looking for the general ledger of a Washington municipality from a particular year that you audited in the last 5 years.

Can you perform a date and keyword search in records provided to SAO by audit clients, excluding SAO generated records?

Can I request all data uploaded by a specific audit client, for a specific audit within the last 2 years?

In response, our Office would be able to provide a general ledger of a Washington municipality if it was retained by our Office within the last 5 years. The only records we would be able to provide a date and keyword search for are correspondence through Microsoft outlook. You can request all data uploaded by a specific audit client, for a specific audit within the last 2 years. Since no records have been requested, we now consider this closed.

Sincerely,

Mary Leider, CPRO
