Dear Ms. Personal,

We are writing to clarify some aspects of your public records request sent into us via email, as follows:

***In advance, thank you for providing me access to all report elements of your recent audit of all components of the LaConner School District. I understand that the fiscal and accountability audits were completed and am seeking a summary of all records and results related to this effort.***

First item we noticed is that your original email had the Town of La Conner 2013-2014 Accountability audit report #1016130 attached to it. What is the significance of the Town of La Conner report? Do you want any records on the Town of La Conner?

Next, the La Conner School District Financial and Accountability audits that cover 2014-2015, are not yet completed at this time. You also mention you want access to all the report elements, we would need to know what records are you seeking specifically? If you could please respond back to us by April 21, 2016 with your clarification, we would then be able to proceed with processing your request.

We originally estimated we can have the responsive records to you by April 28, 2016. Since the audits are not completed, we will not make that date. We are unable to release records pertaining to an audit, until that audit is released. If we are unable to meet the date mentioned, we will contact you and let you know when to expect the work will be completed. Please let us know if you have any further questions.

Sincerely,

*Mary Leider, CPRO*
