Subject: Previous Letter Concerning Composition of Walla Walla County Board of Equalization

Greetings:

This letter is a request for information concerning the actions taken concerning my letter dated November 10, 2023, relating to the composition of the Walla Walla County Board of Equalization. My contention in my November 10th letter related to both a **Conflict of Interest** and an **Appearance of Fairness** of the board members because of their proprietary real estate occupations and related brokerage ownership interests.

I would appreciate a written acknowledgement and knowing what action has been taken from my request.

Thank you for providing me a response.

Sincerely,

Gerald L. Cummins
